

## Invitation

### Expert meeting " Upcoming economical aspects and European legislation of our sustainable urban development"

**Date** – June 8<sup>th</sup> and 9<sup>th</sup> 2011

**Location** - Jaarbeurs in the "Beatrix gebouw" Utrecht, Netherlands

**Join the discussion and share your ideas with other participants to create a new system of financial fundings for an area oriented approach!**

AgencyNL/Soil+ and the municipality of Utrecht will organise a workshop about Upcoming economical aspects and European legislation of our sustainable urban development on June 8<sup>th</sup> and 9<sup>th</sup> 2011.

#### **Creating financial fundings within European legislation for an area oriented approach**

How can public and private partners join forces and make profitable investments for a pleasurable environment in a durable city? We will explore the European juridical legislation to make an area-oriented approach possible.

The Utrecht station area is appointed by the minister of Infrastruture & Environment as an innovative location. Be part of it and join the discussion!

**Day 1: 13.00 – 17.00** "How to create fundings for an area oriented approach"

**Day 2: 9.30 – 13.00** "Possibilities within European legislation for an area oriented approach"

#### **About CityChlor**

CityChlor is a transnational cooperation project that aims to improve the quality and minimize the pollution of soil and groundwater by developing an integrated approach to tackle the threats caused by contamination with chlorinated solvents in urban areas.

Project partners from Belgium, France, Germany and The Netherlands form the necessary complementary team to achieve this goal. For more information see [www.CityChlor.eu](http://www.CityChlor.eu)

#### **Location**

The workshop will take place at the 'Beatrixgebouw' in Utrecht, at walking distance from the railway station 'Utrecht Centraal'. See more information about the location on the website: [www.jaarbeursutrecht.nl](http://www.jaarbeursutrecht.nl).
